Be the Solution to End Global Poverty

We live in a world where 3.3 billion people live on less than \$2 a day.

Given our global interdependence, it is in our best interests to tackle poverty because it is one of the greatest sources of instability and conflict in the world today. Through **Partnership Walk & Run**, AKF U.S.A. is raising awareness about development issues abroad and getting people involved locally in the U.S. to be part of the solution to end global poverty. Using **grassroots community-based approaches**, our programs train people to **build local institutions** that focus on **self-reliance** and improve the quality of life in their communities.

By running & walking at the event and learning, volunteering, speaking out and donating, your involvement with the Foundation enables those in the poorest communities around the world to create lasting change for themselves, their families, and their communities—and ultimately for the world we all share.

Come join us to TAKE A STEP TO END GLOBAL POVERTY.
